

Ed Hearn

Ed knows about thrilling comebacks all too well. In 1986, after eight trying years in the minor leagues, Ed realized his childhood dream of playing Major League Baseball. In his rookie season with the New York Mets, they captured the World Series with a dramatic come-from-behind victory. A year later, Ed was traded to the Kansas City Royals, expecting to reap the rewards of a lucrative professional contract. Instead, he suffered a serious shoulder injury. He spent the next three years fighting his way back, only to have to walk away from the game and the career he loved. Little did Ed know, the physical obstacles that awaited him were far more devastating than the shoulder injury that caused his athletic demise.

Less than 6 months after his baseball career ended, Ed was diagnosed with three potentially life-threatening health conditions. Once a strong, vibrant professional athlete, he was reduced to a man who could barely care for himself. Ed hung on,

though, and used these physical challenges to make the most incredible comeback of his life. Today, after a life-saving kidney transplant, a successful bout with cancer, the aid of a breathing machine each night, a costly IV treatment once per month and up to 35 pills per day, Ed has come back to live a life that is truly an inspiration. As an author and speaker, his courage, faith and Ed Hearn is entertaining, captivating and motivating, but what makes him truly unique is his genuine desire to empower and uplift those around him. His inspiring, real-life message is sure to have a lasting impact on your audience.

Ed has three most requested programs he

delivers:

- 1) "Conquering Life's Curves" which is a general keynote address
- 2) "The Winning Edge" which is a business keynote address
- 3) "Touching all the Bases" which is a youth program
