2/3/2011

Dear Paul:

I would like to thank you and S.C.M. Inc. for your help in bringing former Detroit Tiger Frank Tanana to our Extra Innings facility. As you know, Frank did a pitching clinic for over 100 kids, parents, and area coaches. Following the clinic Frank gave a very inspirational talk about his faith and relationship with God. Frank then took questions from the audience for about twenty minutes and then closed the event by signing autographs for all who wanted one.

I appreciate your attention to detail and your concern for the success of the appearance. You made sure Frank was up to speed on what we were looking for in terms of facility set-up and program format. You also communicated start times and directions to the building. Everything went smoothly thanks to your high level of professionalism.

We look forward to working with you again in the future.

Sincerely,

Pete Gawkowski
Extra Innings
