Dear Steve:

As a director and founder of our Sports Health Education Week, I would like to offer you my deepest appreciation for not only helping us for two days at the banquet, sports reception and the physicals but, maybe more importantly, the manner in which you did it. You were gracious, kind and friendly and you have hundreds, if not thousands, of new friends and fans in middle Tennessee.

If there is ever anything you needed from me I will be honored to help you. Thanks again for helping the children of middle Tennessee.

Sincerely,

CHARLES R. KAELIN, JR., M.D., M.S.
Sports Medicine Director
